2. The police report was distributed by Reserve Officer Greg Tapp.

• Barbie Kraig again requested a schedule be given to the office every week before any action is taken on Chief West's various request.

3. Update on developments in Talty.

• Building permits remain constant.

• Preston Irvin addressed the Board, at their request, to briefly update them on the ongoing development of Whitney Properties. He showed several maps indicating the tracts for development of 293 acres. He pointed out the strip along 1641 where the Town Hall could temporary be moved, to be within the town limits. He indicated that \$20 per square foot was the going rate for this leased space. They have just completed a traffic impact study for TexDot along 1641 and I-20, and 148. The residential development at the corner of 148 and 1641 will have sewer before any development gets underway. It is proposed to have 1/3 acre lots (100 x 145 lot size), with a 2000 sf minimum home. The key is "deed restriction" to keep the development upscale.

4. Alderman updates.

Jeffrey Johnson, d/b/a Sprockett Data, will have the website fully operable by the end of January.
